REACH SQ

BYK Standard Questionnaire for REACH Communication

Product: AQUACER® 534

We can state that the product complies with Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH).

In compliance with REACH means that all substances contained in this product:

- **have been registered** by our company and/or our suppliers, and/or
- Are excluded from the Regulation, and/or
- Exempted from registration.

For polymeric substances*:* all monomers **have been registered** by our company and/or our suppliers.

As a chemical company, it is our obligation to ensure the global compliance of our products. In order to fulfil our REACH obligations for our products we are in close contact with our suppliers to ascertain that all raw materials used within the European Economic area fulfil the requirements of the European regulation.
This information is also made available for our customers down the supply chain by our REACH SQ documents to further support them in assuring their REACH compliance.

For substances or mixtures requiring a Safety Data Sheet (SDS), the registration numbers are given in the SDS and communicated to our customers when they are available.

Please be aware that the information contained in the REACH SQ document is only applicable for products purchased from BYK plants and warehouses within the European Economic Area. If you are a customer located outside the EEA (European Economic Area) and would like to import our products into the EEA (European Economic Area), please have a look at the Only Representative Service Brochure.

In case you cannot find the information you are looking for, or you as a customer outside the EEA (European Economic Area) would like to apply to our Only Representative Service, please contact us: www.byk.com/BRIEF-Team.
