BYK Regulatory Information

## DISPERBYK-2152 TF

### Summary

DISPERBYK-2152 TF is suitable according to the following compositional provisions for food contact applications, as indicated:

Printing inks		
Europe	German Ink Ordinance (GIO) / German BedGgstV	Yes
	Swiss Ordinance 817.023.21	Yes
Industry	Nestlé Standard "Printing Inks for Food Packaging"	Yes
	EuPIA Exclusion Policy	Yes

This summary only reflects conducted evaluations on existing regulations. It does not exclude compliant use in additional regions or applications. Explanations below show details on considered regulations and evaluations.

### Explanation

#### Printing Inks

##### Europe

##### German Ink Ordinance (GIO)

The product may be used for the manufacturing of printing inks for packaging not intended for direct contact with food as defined in the German BedGgstV. Migration of single components must not exceed 10 µg/kg food.

##### Swiss Ordinance 817.023.21

The product may be used for the manufacturing of printing inks for packaging according to Swiss Ordinance 817.023.21 (Version valid from 1 January 2026), since either the components themselves or the monomers/starting substances are listed in Annex 10 or the components are not classified as CMR substances.

---

## Industry

---

### **Nestlé Standard “Printing Inks for Food Packaging” (02/04/2024)**

According to the recipe, the product does not intentionally contain any of the substances listed in 4. 'General Nestlé Exclusions and Minimisations' and Table 5 – Table 8 of the Nestlé Printing Inks for Food Packaging (02/04/2024).

### **EuPIA Exclusion Policy (April 2025)**

According to the recipe, none of the substances listed in Annex 1 (Group C – G) of the EuPIA Exclusion List (March 2024) are intentionally present. The product itself is not classified and labeled with any of the Hazard Statements given in Group A and B.

---

## General Remarks

Please note that it is the responsibility of both the manufacturers of finished food contact articles and downstream business operators to ensure compliance with the applicable migration limits and restrictions of the finished materials or articles under specific real and/or foreseeable conditions of use.

Regulations apply within the context of respective regional framework regulations, e.g. Regulation (EU) No. 1935/2004 and FDA 21 CFR 174.5. Since traces of unknown processing aids cannot be fully excluded, compliance with general requirements is the responsibility of the end user.

BYK reserves the right to change or update the information without notice. At most, this letter is in effect for three years commencing the date of issue.
